This will get you fully prepared for the class E driving exam when the time comes. Florida's roads are as diverse as its landscapes, and understanding traffic rules is key to becoming a safe driver. Our practice test will help you achieve your goal by providing comprehensive preparation. Whether you're gearing up for your first drive through the Everglades or just aiming to navigate your daily commute safely, this test has got you covered. For TLSAE customers (those who have never had a license), a Traffic Law & Substance Abuse Education Course must be completed before applying for a Florida license. Visit our TLSAE course providers page for approved courses. To get a learner's license, pass the Class E Knowledge Exam with 40 out of 50 correct questions or an 80 percent score. The exam is available in multiple languages and can be taken online, in-person, or through approved third-party administrators. To prepare for the Class E Knowledge Exam, study the Official Florida Driver License Handbook and take our practice test. Testing options include taking the exam at a service center, online, or through a registered third-party administrator. The Florida Driver Education Licensing Assistance Program (DELAP) offers an alternative way for high school students to take the Class E Knowledge Exam and Driving Skills Test. Many public and private schools participate in DELAP, which allows students to have their results entered into the Florida Highway Safety and Motor Vehicles' test records by their driver education teacher. To obtain a Class E driver license, customers must pass the Class E Driving Skills Test, which consists of a series of maneuvers that assess an applicant's ability to safely operate a motor vehicle. There are two ways to take the test: in-office at a service center or with a third-party administrator. The test information will be submitted automatically to FLHSMV and available at all driver license offices. Some key requirements for taking the Class E Driving Skills Test include: \* Holding a learner's license for one year (12 months) from the issuance date \* Being 18 years old Additionally, customers must have their vehicle registered, insured, and pass a basic vehicle inspection before taking the test. The vehicle must also meet certain safety standards, including having a valid horn, rear-view mirror, directional signals, steering wheel, brakes, tires, brake lights, and tail lights. It's worth noting that if a customer passes the Class E Knowledge Exam or Driving Skills Test through an authorized third-party administrator, they may be randomly selected for a no-fee mandatory re-test without prior notice. Vehicle inspection reveals various issues: cracked glass obstructing view, expired tag, lack of doors, and non-compliance with bumper height requirements. The vehicle is classified as low-speed due to its top speed limit of 20-25 miles per hour. For the driving skills test, you'll perform maneuvers such as three-point turns, yield right-of-way, straight-in parking, and obeying stop signs and traffic signals. Additionally, you must demonstrate safe following distances, proper posture, and correct use of hand or mechanical signals when turning. The examiner will assess your performance, and those who fail will be required to study or practice before retaking the test. Upon passing, you can surrender your learner's license for a Class E driver's license at a local service center. To prepare for the Florida DMV knowledge test, focus on key areas such as road signs, traffic laws, and safe driving practices. The test consists of 50 multiple-choice questions with at least 40 required correct answers for an 80% score. Study sections include signs, traffic laws, and safe driving practices.
