

I'm not a bot

Oh my GOD! I got this for my husband as a Christmas gift and he LOVES IT! First off the cardigan itself is so so soft and the pattern is so crisp and vibrant. Love the pockets and hubby, who is already a furnace, says it's really warm. At first he was a smidge hesitant when he saw it, saying he wasn't sure if he had anything that would go with it, but I egged him on to at least TRY it on. He did and I knew it hooked him. The smile was NUTS and he wore it the WHOLE DAY! Styled it nicely to see his parents, with a black beanie to match, and I could tell he was gone lol! He wears it A LOT haha (like loungewear) so I'm gonna have to grab more. His favorite thing to do is to T-pose like the model to have the wings out! Best part is he wore it when we saw my sister who has been DEBATING on getting one of these cardigans as a gift for a friend. She liked it a lot! Lots of ooo's and ah!s and feeling the material happening. Plus checking the pocket depth, which she liked too. Hubby really enjoyed getting to model it all over again. T-pose and all lol! So, I actually ordered a much larger size for him then usual as, to me, cardigans feel better slightly oversized and I'm really glad I did. Especially if he intended to wear a sweater with it. Which he did try and said it is VERY WARM wearing both! Personally, I also really love a good oversized cardigan, but I don't mind regular ones either. The ONLY thing that I would improve on though is the length, since it kind of teeters on both. To me, the curve of the wing to the lower back is raised just a smidge too high above the hips, but then comes back down to rest just at the hips. For context, hubby is 5'9" and I grabbed him a 2XL, but it still stops just under his belt line. That curve is just above it and shows just a tad bit of whatever he has under and I feel it would be better if it was lower, so a longer length in general. But I understand, proportionally, it could make for a larger/ baggier cardigan. Besides that, this is AWESOME! I need to grab some for myself that I've had my eyes on, but when I saw the Smokey Emperor design I knew that was the one! Hubby doesn't remember, but I showed him ALL of the designs prior to production and he wasn't sure of this one pfft! Well...safe to say he's sure and unintentionally stress testing the hell outta this thing, but he's looking good while doing it haha! I'm glad I saved the washing instructions! He's now looking more into cardigans, in general, now that he's realizing he looks good in them. Been trying to convince him that for years, so THANK YOU!! It really boosted his confidence and he's having fun with his wardrobe now! Skip to content Continue shopping Have an account? Log in to check out faster. May 23, 2021 Hello everyone,As the founder of Mochipan, I wanted to address a common concern that I've seen some of our customers have: is Mochipan legit? Is Mochipan a scam? What is Mochipan? Can you trust our company?To put it simply, the answer is yes. We strive to be a trustworthy and reliable company that offers quality products to our customers at a reasonable price.To help you with your search for Mochipan reviews, I wanted to share some of the ways you can find out more about our company and what our customers think of our products.First, you can find reviews on the bottom of the product pages on our website. While not all items have reviews, those that do can provide you with valuable feedback from other customers.We also have a great collection of reviews on Trustpilot. While we do have a few negative reviews, we always try to address any issues that our customers may have and make things right.In addition, we have a collection of reviews from real customers and influencers saved on our Instagram highlights. This can give you a better idea of what our clothes look like on real people and how they feel about our products.Finally, we feature some of our Trustpilot and Instagram reviews on the home page of our website, so you can see them right away.At Mochipan, we are committed to providing our customers with the best products and services possible. If you have any questions or concerns, please don't hesitate to reach out to us via email or Instagram. We're always here to help.Thank you for considering Mochipan, and we hope to earn your trust and business.Best, Rae (Mochipan Founder) We believe everyone deserves to shop for and wear fun, unique fashion, regardless of gender or size. November 15, 2024 At Mochipan, we're dedicated to making your shopping experience as smooth and stress-free as possible. That's why we're thrilled to introduce two size charts for every item in our shop! These size charts are designed to cater to different needs and preferences, giving you all the information you need to find your perfect fit. Here's how it works: Quick Sizing Chart: Your Universal Size ReferenceThe Quick Sizing Chart is all about you. This chart is designed to help you pick the best size based on your own body measurements. It provides a simple, straightforward guide for selecting the size that will fit you best without needing to interpret garment dimensions.How to Use It:Measure your bust, waist, and hips (or follow the specific measurements noted for each item).Compare your measurements to the Quick Sizing Chart to see which size is your match.This is the best chart to use if you're looking for a quick, reliable way to choose a size, especially if you're unfamiliar with the specific fit of our pieces. In-Depth Size Chart: The Garments MeasurementsThe In-Depth Size Chart gives you the full details of the garment itself. These measurements are taken while the garment is laid flat and provide insight into the specific dimensions of the item.Why This Is Helpful:If you prefer a tighter or looser fit, this chart lets you compare the garments' measurements to your own preferences.It's also useful if you're layering the item or looking for a specific fit style. Which Chart Should You Use?We recommend starting with the Quick Sizing Chart to find the size that aligns with your measurements. Then, if you want to get a better idea of how the garment will look and feel, check out the In-Depth Size Chart for additional context. Our Commitment to Your FitWe know every body is unique, and our dual size chart system ensures that you have the tools to shop confidently and find your perfect fit. If you ever have questions or need further assistance, our team is always here to help.Happy shopping, and thank you for being part of the Mochipan family! If you have any feedback about this new feature, we'd love to hear it!your input helps us improve every step of the way!This change is rolling out starting now. Expect every item to have this in place by 2025, Jan 1st. Thanks!-Rae Fabric Composition & Care:This faux cashmere garment is meticulously crafted from a blend of 10% nylon, 20% acrylic, 30% PBT, and 40% polyester, combining the best qualities of each fiber to provide a luxurious feel, durability, and ease of care.PBT (30%): Known for its exceptional durability and stretch, PBT adds resilience to the garment, helping it maintain its shape over time. Its also quick-drying and resistant to UV rays and chlorine, ensuring longevity and making it suitable for regular wear.Polyester (40%): A highly durable fiber that resists wear and tear, polyester helps the garment retain its shape and resist wrinkling. It's low maintenance and adds strength, making this garment ideal for daily use.Nylon (10%): This fiber enhances the strength and elasticity of the garment, contributing to its overall durability. Nylon is also moisture-wicking, keeping you comfortable while preserving the garment's softness and structure.Acrylic (20%): Acrylic brings warmth and a plush, cashmere-like softness. Its lightweight and adds a cozy, wool-like feel to the garment. Though it can be more prone to pilling, the blend with stronger fibers helps mitigate this.Anti-Pilling Level 3: This garment is designed to resist moderate pilling, ensuring it stays smooth and fresh even with regular wear. You may notice some minor pilling over time, especially in high-friction areas, but its easily manageable with a fabric shaver.Care Instructions:Machine wash on a gentle cycle with cold water to preserve the softness and integrity of the fabric.Avoid high heat!either air dry or use a low heat setting in the dryer to maintain the fibers' durability.Steer clear of harsh chemicals like bleach and fabric softeners, as they can damage the fibers over time.With proper care, this faux cashmere piece will maintain its soft, luxurious feel and shape for the long term, providing you with both comfort and longevity.
