If you're planning to travel from SLC to IAD, here are some details - flight route map and travel direction can be viewed by clicking on the link provided. You can also use this flight time calculator to find flying times from Salt Lake City International Airport or any other airport in United States to various destinations around the world. Before your flight departs, make sure you're in the boarding area 10-15 minutes beforehand to avoid losing your seat. Here's a breakdown of the estimated departure times for your Delta Air Lines Inc. flight: \* 9:25 am: Boarding begins for the flight. \* 9:35 am: This is the scheduled departure time, but be aware that flights on this route are usually delayed by around 12 minutes on average. \* 9:47 am: This is your actual departure time. After taking off from Salt Lake City International Airport (SLC), the plane will taxi to the runway for an average of 22 minutes. \* 10:09 am: Wheels up! The flight will take around 3.5 hours to reach its destination. Upon arrival at Ronald Reagan Washington National Airport (DCA) in Washington, DC: \* 3:36 pm (local time): The aircraft touches down and begins taxiing towards the gate. \* 3:41 pm (local time): Arrive at the gate and deboard the plane. Claim any checked baggage as needed. For those renting a car, check if you need to take a shuttle to the car rental agency or consider alternative transportation options like taxis, limousines, or ride-sharing services for about 12 minutes to your destination. The total travel time from Salt Lake City to Washington, DC is approximately 7 hours. The air distance between these two cities on the most direct route is 1828 miles. The average flight time is around 3 hours and 49 minutes, with the aircraft spending an average of 3 hours and 29 minutes in the air. Please note that these numbers are averages, and actual flight times may vary depending on the airline and other factors. Delta Air Lines Inc. typically offers the fastest flights from Salt Lake City to Washington, DC, taking around 3 hours and 48 minutes. Delta and United Airlines offer direct flights from Salt Lake City International Airport (SLC) to Ronald Reagan Washington National Airport (DCA). Southwest Airlines does not operate flights from SLC to DCA but may fly into nearby airports with lower costs. Our information is based on the latest available data from the US Department of Transportation. The reliability of an airline can be measured by how often its flights are cancelled or delayed more than 20 minutes. For the route from Salt Lake City to Washington, DC, Delta Air Lines Inc. has a reliability rating of 85%, indicating that their flights are on time around 85% of the time and cancelled or delayed less frequently. The average timeline for this flight includes: \* Taxi out: 14 minutes \* In the air: 209 minutes \* Taxiing in: 5 minutes This information helps you plan your travel and make necessary arrangements, such as transportation to and from the airport. Always check with your airline for any updates or changes to their schedules and policies. Remaining flight times vary significantly between airlines. Delta takes around 85% of flights, with only 14% being cancelled and less than 1% delayed by over 20 minutes. In contrast, United has a slightly higher cancellation rate at 23%, but fewer delays overall. The flight duration is split into three stages: taxiing out, in-flight time, and taxiing in. Delta's taxiing times are relatively short, at 14 minutes for departure and 5 minutes for arrival. United takes around the same amount of time to taxi out but slightly longer to taxi in. In-flight times vary between airlines, with United taking about 205 minutes on average. Flight schedules also change depending on the day and time of year. There are more flights leaving during morning hours than at night. Delta has a consistent schedule throughout the week, while United's flight frequency varies slightly from Monday to Sunday. The number of flights per month changes due to seasonal demand, with January having the fewest flights and December the most.
