All the new features make Sims feel more alive
and that your actions actually have meaningful consequences. The inclusion of features such as a mid-life crisis, baby showers, and family reunions are also great fun to experience. If you loved The Sims 3: Generations expansion, this still feels a bit short, but it's as close as you'll get in The Sims 4.For more information on this pack, head to our guide

The Sims 4: Island Living lets you take your Sim away from the stress of their regular lives to Sulani, a beautiful
 island paradise where they can live completely off the grid. Island Living truly gives your Sim a taste of the island life - you can pal around with dolphins, laze about on the beach, or become a dang mermaid. There are some beautiful build items included in this expansion and great Create-A-Sim objects that really embrace the Polynesian culture that
inspired it. Island Living offers a very different style of gameplay, with a more relaxing and laid-back vibe that doesn't require your Sim to constantly be working hard and stressing out. There are waterfalls, beaches, jet skis, and beautiful festivals put on by the locals. It's a great pack, albeit one that may start to feel a bit aimless after a while. Maybe
we're just bad at relaxing...Read our guide to all The Sims 4 skill cheats, if you want an even more laidback gaming session. 8. The Sims 4 City Living is the city itself - San Myshuno, a beautiful, bustling city that gives you a chance to rent
apartments - which isn't possible without this expansion (or Eco Lifestyle). Naturally, renting an apartment living, like cockroaches and plumbing problems, which makes for some seriously fun gameplay. San Myshuno, just like any other city, offers unique cultural experiences like themed festivals, food
stalls, and karaoke bars. It's a fun world to hang out in, and if you're a builder it's a fun challenge to try and relevant years after its release. There's no other Sims 4 world like San Myshuno, so it's a
great option for those who love city gameplay. 7. The Sims 4 Discover University (Image credit: EA)Released: 2019Available on: PC, PS4, PS5, Xbox One, Xbox Series X/SHard to imagine where the Sims 4 developers went to college, but it seems to have been relatively free of frat boy hazing deaths. Sending your Sim to college is a serious undertaking,
 but it will throw plenty of new gameplay mechanics at you as a reward. First, you'll need to decide if they want to attend the University of Britechester or the more modern Foxbury Institute, apply, take out a loan, and then decide where to live. Once you're in, it's a mad rush of classes like robotics and villainy, trying to make your dorm room feel like
home, and... joining a college cult by leaving cupcakes in front of a statue. It's intense to juggle all the requirements and keep your sim happy at college, but you can't put a price on a good education. (Though this expansion costs $39.99.) Having trouble making connections? Check out our The Sims 4 relationship cheats guide.6. The Sims 4 Get
 Famous(Image credit: EA)Released: 2018Available on: PC, PS4, PS5, Xbox One, Xbox Series X/SGet Famous is one of the best Sims expansions because it not only captures the cutthroat Kardashian hunger for notoriety, but it's one of those additions that affect everything your Sim does. Gotta pee? Post on social media while you're in the bathroom
 Need to be social? Stalk a celebrity at the local bar in the new location, Del Sol Valley. Need some simoleons? Start a new career as an influencer or a live streamer. Taking your Sim to set as an actor is a fun way to get paid and get famous, and you'll unlock perks (and more negative quirks) by clawing your way from the Z-list to the A-list. Also, this
expansion introduces the solid-gold toilet option, which is reason enough to buy it. However, the reason we can't rank it higher is that Del Sol Valley is lacking lots, making it one of the smaller new worlds in the game. Want to fast-track your way to the top? Read our guide on all The Sims 4 career cheats. 5. The Sims 4 Cats and Dogs (Image credit:
EA)Released: 2017Available on: PC, PS4, PS5, Xbox One, Xbox Series X/SDo we really need to explain why Cats & Dogs is one of the best Sims expansion packs? You can have cats and dogs. That's it, that's the reasoning. The Sims 4 goes above and beyond with this pets pack, offering you a chance to Create a Pet, choosing from a variety of dog and
cat breeds and customizing them as much as you'd like. Oh, and you can put them in adorable outfits as if this wasn't already overwhelmingly cute. Sims can build long-lasting bonds with their pets based on their daily interaction, and each pet has a unique personality. I currently have a dog that is worryingly obsessed with my refrigerator, for
instance. You can also become a vet and run a clinic in Cats & Dogs, helping the sickly animals from Brindleton Bay feel better. This pack is amazing and a must-have for animal lovers. Expand your game with our list of the best Sims 4 mods. 4. The Sims 4 mods. 4. The Sims 4 Eco Lifestyle(Image credit: EA)Released: 2020Available on: PC, PS4, PS5, Xbox One, Xbox Series
X/SEco Lifestyle is an expansion pack that tasks you with paying attention to how your Sims are living, which adds a really interesting layer to gameplay. How much electricity does your Sim use, and how economically conscious is that long, contemplative shower they take every day? Eco Lifestyle introduces an Eco Footprint mechanic to all the Sims
4 worlds, where gameplay choices affect the state of the world - like adding smog to more pollution-ridden places, or beautiful clear water to those areas that are more eco-conscious. There's a new Neighborhood Action Plan feature, which helps your neighborhoods feel more intertwined, as the town can vote on things like Eco-Friendly Appliances,
which offers extra Handiness skill and Influence for fixing appliances or upgrading them to more green ones. Of course, there are also Neighborhood Action Plans like We Wear Bags, which means your fellow townsfolk will wander around with brown paper bags on their headsThe Sims 4 loves some absurdity, that's for sure. The Sims 4 Life and Death(Image credit: EA)Released: 2024Available on: PC, PS4, PS5, Xbox One, Xbox Series X/SOK, hear us out; yes, this expansion is the newest addition to our list, but it is also one of the best expansions that we've played for The Sims 4. Not only does it bring a ton of features that fans have
long wanted to the game (looking at you Grim Reaper career), but it's also an expansion made for every type of Sims player. Whether you want gritty realism with the new funeral events and family fights over will readings or love fantastical occults such as ghosts who can now choose to live on as a specter in your household, there's something for
everyone here. You can become a mortician, build crypts, have a pet crow, and live out your gothic fantasies. And, of course, as we mentioned above, the most exciting new feature is that there's a new grim reaper career for your Sims to partake in. In terms of Build Buy mode, the items are stunning and are the perfect companion to players who
already own the Vampires game pack as well. In short, this is one of the most expansions around, so it's well worth your attention. 2. The Sims 4 Cottage Living (Image credit: EA)Released: 2021Available on: PC, PS4, PS5, Xbox One, Xbox Series X/SIf you are a Stardew Valley player who loves the idea of growing oversized crops
and befriending every wild bunny, then Cottage Living is a dream come true. But, Cottage Living isnt just for the cozy crowd who has a pension for the cottage-core aesthetic; its one of the most well-rounded and best value-for-money expansions in The Sims 4 period. Not only are there a well of new gameplay features such as animals, crops, errands,
and town fairs, but we also get one of the most beautiful worlds in the game with the English rural town of Henford-on-Bagley. Whether you are a builder, CAS expert, or love live mode, theres always something to do in Cottage Living. Our personal favorite feature from this pack is the simple living lot challenge, where every recipe you make must
have the ingredients in your inventory, meaning that its up to you to take your Sim grocery shopping, out foraging, or tending to livestock. Christmas - or Winterfest - and a bunch of other seasonal holidays. This is one of the best Sims expansions for adding variety to your Sim's life cycle, with regular events and ever-changing weather that can make your sim happier - or, if you're not careful, frozen to death in an evening gown because you got distracted making snow angels at a
party. Between decorating the house for different holidays, flirting with Father Winter, trying out a new gardening career, and picking out your winter expansion pack on our list richer. Most new expansion packs come with new events that you can add to
the holiday calendar introduced in Seasons. And the weather changes add a sense of realism to your game like never before. For more details on the best Sims 4 expansion packGet to Work (2015) Get Together (2015) City Living (2016) Cats and Dogs

 DLC?(Image credit: EA)Despite the base game for The Sims 4 being technically free, it's pretty expensive to be a Sims fan. If you buy all the expansion packs, game packs, stuff packs, and Sims 4 kits, you'll have to buy roughly 82 DLCs, and unsurprisingly, that totals up to a lot of money. There are 18 expansion packs ($39.99/34.99), 12 game packs
($19.99/17.99), 20 stuff packs ($9.99/8.99) and 40 kits ($4.99/4.99). Below, we've worked out the grand total of all the DLCs for you. The Sims 4 total cost: 1,225.10 /$1,354.10That's right, you'll be paying 1,225.10 /$1,354.10That's right, you'll be paying 1,225.10 /$1,354.10That's right, you'll be paying 1,225.10 /$1,354.10 if
you want everything. Now, spending over $1000 on purely DLC does seem wild. However, it should be noted that The Sims packs regularly go on sale and get bundled into discounts periodically throughout the year. So, if you keep an eye out on the EA store page or Steam, you can pay less if you only pick up discounted packs. But keep in mind, even
with discounts, you'll still be spending over $500/500 here. And, considering that EA has now stated that we won't be getting a traditional replacement with The Sims 5 and that they'll be continuing to add more expansions to The Sims 4, you can also expect the above price tag to increase in the future as well. Julian calendar. At the time, it was known as the Year of the Consulship of Valentinianus and Anthemius (or, less frequently, year 1208 Ab urbe condita). The denomination 455 for this year has been used since the early medieval period, when the Anno Domini calendar era became the prevalent method in Europe for naming years. March 16 Emperor
 Valentinian III, age 35, is assassinated by two Hunnic retainers of the late Flavius Aetius, while training with the bow on the Campus Martius (Rome), ending the Theodosian dynasty. His primicerius sacri cubiculi, Heraclius, is also murdered. March 17 Petronius Maximus, former domesticus ("elite bodyguard") of Aetius, becomes (with support of the
 Roman Senate) emperor of the Western Roman Empire. He secures the throne by bribing officials of the imperial palace. Maximus consolidates his power by a forced marriage with Licinia Eudoxia, widow of Valentinian III.Maximus appoints Avitus, most trusted general, to the rank of magister militum and sends him on an embassy to Toulouse, to gain
the support of the Visigoths. He elevates his son Palladius to Caesar and has him marry Eudocia, eldest daughter of Valentinian III. May 31 Maximus is stoned to death by an angry mob while fleeing Rome. A widespread panic occurs when many citizens hear the news that the Vandals are plundering the Italian mainland. June 2 Sack of Rome: King
Genseric leads the Vandals into Rome, after he has promised Pope Leo I not to burn and plunder the city. Genseric sacks the city for a period of two weeks. Eudoxia and her daughters, Eudoxia and Placidia, are taken hostage. July 9
Avitus is proclaimed Roman emperor at Toulouse, and later recognised by the Gallic army. He restores the imperial authority in Noricum (modern Austria) and leaves a Gothic force under Remistus, Visigoth general (magister militum), at Ravenna. The Ostrogoths conquer
Pannonia and Dalmatia. Battle of Aylesford: Prince Vortimer rebels against the pro-Anglo-Saxon policies of his father, Vortigern. He is defeated in the battle at Aylesford (Kent).  diminished greatly in importance due to its location far from potential trouble spots, like Central Europe and the East. Late in the century Christianity became the official state religion, and the empire's old pagan culture began to disappear. [citation needed] General prosperity was felt throughout this period, but recurring invasions by Germanic tribes
 plagued the empire from 376[1][2] CE onward. These early invasions marked the beginning of the end for the Western Roman Empire. In China, the Jin dynasty, which had united the nation prior in 280, began rapidly facing trouble by the start of the century due to political infighting, which led to the insurrections of the northern barbarian tribes
(starting the Sixteen Kingdoms period), which quickly overwhelmed the empire, forcing the Jin court to retreat and entrench itself in the south past the Yangtze river, starting what is known as the Eastern Jin dynasty around 317. Towards the end of the century, Emperor of the Former Qin, Fu Jin, united the north under his banner, and planned to
conquer the Jin dynasty in the south, so as to finally reunite the land, but was decisively defeated at the Battle of Fei River in 383, causing massive unrest and civil war in his empire, thereby leading to the fall of the Former Qin, and the continued existence of the Eastern Jin dynasty.  downloadable content, so it can be hard to pick between them. Expansion Packs are the biggest DLC offerings, with the most content, but they also cost the most. Our The Sims 4 Expansion Packs each cost $39.99, though
they frequently go on sale. These are different than Game Packs and Stuff Packs, which have new content, but not as much as Expansion Packs have. Expansion Packs have listed out the available Expansion Packs below in order of release,
with notable content they add to your game. The Sims 4: Get to Work notably adds three new careers: Doctor, Detective, and Scientist. It also allows you to follow your Sims to work and for you to control them throughout the workday, if you pick these careers. This expansion also includes the ability to own a retail business, like bakeries, bookstores,
and boutiques, and it adds the Baking skill. The Sims 4: Get Together includes the ability to make clubs, which are themed groups where your Sims can hang out with like-minded Sims. It also adds DJ Mixing and Dancing skills, alongside game objects to place in the world, like foosball and darts. The Sims 4: City Living is one of the biggest expansions
including the city of San Myshuno, which allows your Sims to live in apartment buildings. It features cultural festivals that randomly take place as well as new careers: Critic, Politics, or Social Media. Your Sims to take care of
cats and dogs. You can create your own pet from set breeds or mix and match your own special creature. You can also run a veterinary clinic using new Pet Training and Veterinarian skills. Actor career. The Sims 4: Island Living adds the island area of Sulani, which includes an islander lifestyle. Notably, it brings beaches, the Conservationist career, and part-time jobs, like being a Diver, Fisherman, or Lifeguard. events. It adds the Research & Debate and Robotics skills, as well as the Education, Engineer, and Law careers. The Sims 4: Eco Lifestyle adds the Civil Designer career, as well as the Fabrication and Juice Fizzing skills. It also allows
you to WooHoo in a dumpster, if youre into that. The Sims 4: Snowy Escape is all about a weekend vacation to an Asian-inspired mountain. Your Sims can participate in winter sports or take a relaxing dip in hot springs. and relationships. It adds the Salaryperson career and three new skills: Rock Climbing, Skiing, and Snowboarding. You can farm chickens, cows, llamas, and rabbits though youll need to be wary of foxes on the hunt for your animals. It also

Sims 4 Buying everything in The Sims 4 is a game in itself a collect-a-thon that requires expert knowledge in the field. Like a jewel appraiser, the Sims 4 expert can look at a DVD case and ah, do you see? observe the subtle but telltale signs that distinguish a Game Pack from a Stuff Pack. By the end of this article, that expert will be you. At this point
in time, you can play The Sims 4 for free, which will save you a little bit of money but when you add up the price of all The Sims 4 Expansion Packs, Stuff Packs, and Kits, you'll be relieved you didn't have to pay for the base game too. And speaking of money, don't forget to check out the best Sims 4 cheats for mountains of that in-game money. The
total we've come up with here pulls together the cost of the game and every piece of DLC at full price, but keep in mind that you can save a lot of money by buying them when they're on offer. That caveat out of the way, it's maths time. Base GameThe Sims 4 freeHere's the game as it was released back in 2014, plus a bunch of patches that filled some
of the notable gaps you may have heard about at the time namely toddlers and swimming pools. Given that The Sims is known as a simulator of both life and lavish lifestyles, it's still remarkable neither were in there to begin with, but I digress. The Sims 4 is a good PC game, and since October 2022, the base game has been completely free to
download. Digital Deluxeupgrade $9.99 USD/8.99 GBPThe question here is whether you'd splash out for the additions available here. There are a couple of good reasons for doing so: exclusive items and outfits that are great for parties, and a copy of the soundtrack which is excellent working music. There is nothing that makes you more productive
 than an earful of Buy Mode. While you'd have had to pay steep price for the pleasure at launch, it's a pretty cheap upgrade for the base game these days. Running total: $9.99 USD/8.99 GBP Expansion Packs Cost
