The noun is via late Latin breve note, dispatch, hence an official letter.Idioms in a few words, without detailsIn brief, the meeting was a disaster.Now the rest of the news in brief. See brief in the Oxford Advanced American DictionarySee brief in the Oxford Learner's Dictionary of Academic English Nearby words bridleway noun Brie noun brief adjective brief noun brief verb The brief you will be making now will consist of an introduction , which states whatever facts and principles are necessary to an understanding of the brief, and the brief itself, which consists of a series of propositions, each supporting your main contention, and each in turn supported by others, which again may each be supported by another series. The Making of Arguments J. H. Gardiner Secretary Gates used the term brief pause again in his testimony. CNN Transcript Apr 10, 2008 2008 At any rate, without going into that specifically, in February he used the term brief pause. CNN Transcript Apr 8, 2008 2008 That, in brief, is the purpose of this little volume, in which Dr. Raper summarizes the results of careful studies, made by himself and Professor Walter Chivers, of the eight-four lynchings of the past five years. The Mob Still Rides 2000 What, in brief, is the operative relation between aesthetic pleasure and criticism? Response to Thomas Pfau 1999 This, in brief, is the system which has been laid out for us by child experts and educators generally, and the well-todo parents of America have accepted it without question as the normal and natural procedure in the upbringing of their children. Conscripcted Children 1969 Such in brief is the outline of the Indian State as it has emerged through the fifties. India and the Sixties 1960 Such in brief is my specification for a genus Americans, whose voice I do not hear. Wanted: American Radicals 1943 This, in brief, is the system which has been laid out for us by child experts and educators generally, and the well-todo parents of America have accepted it without question as the normal and natural procedure in the upbringing of their children. Conscripcted Children 1931 This, in brief, is the system which has been laid out for us by child experts and educators generally, and the well-todo parents of America have accepted it without question as the normal and natural procedure in the upbringing of their children. Conscripcted Children 1931 When it comes to writing or even casual conversation, choosing the right word is crucial. Have you ever been in a situation where two words sound alike but you're not sure which one is correct? It happens pretty often, doesn't it? Today, let's address a common confusion: when should you use "brief" and when is "brie" appropriate? The correct spelling is brief. The word brie is a common misspelling and does not exist in English. Brief means short in duration or length. For example, if a meeting takes only ten minutes, you might say, The meeting was brief.Using brief correctly in a sentence shows you can communicate efficiently. Its important for writing emails or messages where you need to be clear and concise. Always double-check your spelling to ensure your writing is professional and easy to understand.Understanding the Basics Firstly, let's clarify a big misconception. The word "brie" actually doesnt exist in the English language. Surprised? Yes, its a common misspelling of "brief." So whenever you are tempted to write "brie," stop and remember its always spelled B-R-I-E-F. What Does Brief Mean? Now lets focus on understanding "brief." The adjective "brief" means short in duration or length. Imagine watching a movie that ends sooner than you expected; you could say, "The movie was brief." Its not only movies that can be brief. Meetings, visits, even a conversation can be brief if they dont last long. Using Brief in Sentences Understanding through examples is often the easiest way. Here are a few sentences using "brief": The teacher gave us a **brief** overview of the topic. Please keep your answers **brief** during the quiz. It was a **brief** moment, but it made a huge impact. More on the Word Brief Apart from being an adjective, "brief" can also be a noun and a verb. Lets explore these roles a bit. As a noun, a "brief" is a set of instructions or an outline for a case, commonly used in legal contexts. For instance: The lawyer studied the case **brief** all night. As a verb, "brief" means to give essential information or instructions. For example: The captain briefed his team before the mission. Why do People Confuse Brief with Brie? English is tricky, right? Sometimes, spelling doesnt seem to follow any rules. The confusion between "brief" and "brie" often arises because of the way English words are pronounced. Sounds can be deceptive leading you to spell words based on how they are heard. Another reason could be the common word pattern in English of mixing up ie and ei. Remembering the Right Spelling How can you stop making this mistake? A simple trick is the age-old spelling rule: "i before e, except after c." Since there is no c before ie in brief, this rule can help you remember the correct spelling. Common Pitfalls to Avoid Beware of spellcheck on your computer or phone. Sometimes, spellcheck might not catch this error if "brie" is mistakenly added to the dictionary or is overlooked. Practical Tips to Master Spelling Practice writing the word multiple times. Read a lot. The more you see words used correctly, the better youll remember them. Use mnemonics: Think of Brief Imagine Every Innocent Face, where each capital letter will help you remember the correct sequence of i and e. To wrap up, always use "brief." This word is versatile, useful, and most importantly, correct. Keep your writing error-free by remembering the tips shared today. Who knew that such a simple word could hold so much power and impact in the English language? Next time youre jotting down notes or prepping for a meeting, consider how being efficient and concisebeing briefcan make a big difference. Isnt that better than getting bogged down by unnecessary details? Keep practicing and over time, spelling mistakes like these will hopefully become a thing of the past.
