

Continue

The tax season is now live with several key updates for taxpayers. The new Excel utilities allow for easy filing of updated returns in ITR-1 to 7 for AY 2021-22 to AY 2023-24, as per the Finance Act, 2025. This development comes with a deadline extension from October 31st, 2025, to December 10th, 2025, for specific assesses. Additionally, audit reports can now be filed until November 10th, 2025, taking into account the provisions of section 44AB of the Income-tax Act, 1961. The e-filing portal is also updated with online and offline modes for filing ITR-5, ITR-6, and ITR-7. The government appreciates the taxpayers' efforts in filing their returns on time. It is requested that they verify their ITR within 30 days of filing to ensure accuracy.
