Eggman Pisses On The Moon, also known as Shadow the Hedgehog Is a Bitch-Ass Motherfucker or Eggman Announcement Copy pasta, refers to an audio clip taken from YouTube channel SnapCube in which a man improvises dialogue over a cutscene from Sonic Adventure 2, acting as the villainous Dr. Robotnik, aka Eggman, saying he was urinating on the moon. The audio has been remixed and placed over other footage, with the text also becoming a prevalent copy pasta and meme reference in the following years. OriginOn July 18th, 2018, YouTube channel SnapCube uploaded a video in which they improvised voiceovers over the cutscenes Sonic Adventure 2, entitled "Sonic Adventure 2 (Dark Story + Final Story) | Real-Time Fandub Games." [1] By February 15th, 2019, the video had gained over 600,000 views (shown below). According to the credits provided by the channel, the person voicing Eggman is Twitter user PaperBoxHouse, aka Alfred Coleman.I've come to make an announcement: Shadow the Hedgehog's a bitch-ass motherfucker, he pissed on my fucking wife.I've come to make an announcement: Shadow the Hedgehog's a bitch-ass motherfucker, he pissed on my fucking wife. Eggman's Announcement [1] (alternatively I've Come to Make an Announcement, Eggman Pisses on the Moon or Shadow the Hedgehogs a Bitch-Ass Motherfucker) is an event that takes place in the series SnapCube's Real-Time Fandub, in which Dr. Ivo "Eggman" Robotnik livestreamed a Twitter rant across the world. The rant calls out Shadow the Hedgehog, who had sexual intercourse with his wife. In a fit of rage, he shows the world his bare genitalia, and proceeds to strike the Moon with a laser beam of his own urine, cursing out former US President Barack Obama in the process. The speech is part of the episode "Sonic Adventure 2 (Dark Story + Final Story)", published on July 18, 2018. It has inspired countless tributes and it has turned the gag into a copypasta as the show's most quoted segment of all time.[2] The moment has also changed the way fans interpret official Sonic the Hedgehog media, with the phrase "HE PISSSED ON THE MOON" trending on Twitter the morning of November 25, 2024 following the release of the trailer for Sonic the Hedgehog 3.[3] Full textRelated article: Sonic Adventure 2 (Dark Story + Final Story/TranscriptI've come to make an announcement: Shadow the Hedgehog's a bitch-ass motherfucker, he pissed on my fucking wife. The scene (among a few others) appears in both the Hero storyline and the Dark storyline, providing the SnapCube cast two takes to get lines for it (which normally only happens for technical reasons). On his first take, Eggman (played by Alfred Coleman) has a vendetta against a little girl observing his message, "the news", Victoria's Secret, BestBuy, and a walnut-shaped planet which he carves into the shape of his face via explosion (the Space Colony ARK). He later blasts the Moon because it didn't contain any cheese like he wanted. On the second take during the Dark storyline, after Shadow (played by Ryan Mitchum) admits to peeing on Eggman's wife, Eggman's speech instead calls out Shadow on a live Twitter.com stream, describing his cuckolding in gruesome detail and showing off his penis (once again, the Space Colony ARK) to compete with Shadow's. He then blasts the Moon but with his penis instead.In "The First Night (SA2)", we find out that Shadow's admission to cheating with Eggman's wife was enough to make the cast burst into laughter, and Ryan even called for a laugh break before Eggman's message began. What followed was one glorious long take of Eggman ranting while the whole cast couldn't help but laugh to the point of crying and coughing. Penny, in stitches, paused the scene 24 minutes into recording the Dark storyline and told the cast to stop recording in order to make sure it isn't lost to technical difficulties. Have the inside scoop on this song?Sign up and drop some knowledge Eggman's Announcement is a meme and copypasta from SnapCube's Real-Time Fandub, in the episode "Sonic Adventure 2 (Dark Story + Final Story)". It consists of a clip in which the show's cast member PaperBoxHouse improvises an angry rant in-character against Shadow the Hedgehog, culminating in him "pissing on the moon" (a euphemism for shooting the Moon with his large laser). The clip has been incorporated into a variety of parodies and fanworks, such as edits of the transcript, memes, fanart, and more. Screenshots of the cutscene in question (even without mentioning the quote itself, letting the receiver fill in the joke) are frequently used to imply the fandubbed euphemism as a punchline, rather than the video game's original intent. On Tumblr, the popularity of Eggman's Announcement may have been superseded by an image macro of the reaction Eggman has when overhearing an outlandish conversation between Shadow and Rouge the Bat "what the fuck are you talking about" shortly before learning the news that would lead up to the famous announcement.[1][2]TranscriptI've come to make an announcement: Shadow the Hedgehogs a bitch-ass motherfucker. He pissed on my fucking wife. That's right, he took his hedgehog fucking quilly dick out and he pissed on my fucking wife, and he said his dick was this big. And I said that's disgusting! So Im making a callout post on my Twitter dot com: "Shadow the Hedgehog, you got a small dick, its the size of this walnut except way smaller." You have twenty-three hours before the piss droplets hit the fucking earth, now get out of my fucking sight before I piss on you too!HistoryOn 29 March 2019, YouTube Penny Parker and her friends sat down to record a improvised fandub of the video game Sonic Adventure 2, as a pilot for the brand new show Real-Time Fandub Games (later renamed SnapCube's Real-Time Fandub), a spin-off of the series Real-Time Fandub.[3] One of the voice actors invited for the dub was her friend Alfred (also known online as "PaperBoxHouse") in the role of the villain Dr. Eggman. Since the video game has multiple storylines, the Hero and Dark storylines had different versions of the same scene, in which Doctor Eggman addresses the world through every screen on Earth to establish his threatening power. On the second take for the Dark storyline, the fandub went in the direction of depicting Eggman as someone who has had troubles with his wife, and would later find out that she had cheated on him with Shadow the Hedgehog (played by Ryan), who would smugly admit it to him. This was the catalyst which pushed Eggman over his last nerve and led to him calling out Shadow in the second take of the same scene. What followed was a semi-comprehensible rant via a Twitter livestream broadcast across the Earth, in which he tries to establish his dominance by showing off a spaceship shaped like his genitals (the Space Colony ARK), and later shooting the Moon with laser urine from the genital spaceship in front of billions of people, cursing out former US President Barack Obama in the process.The rant took the cast by surprise and left them laughing very hard to the point of needing to pause the recording so they couldn't lose the moment.
