The daughter of two dentists, she is an overachiever who shows considerable academic progress when compared to her friends and classmates, and she is described by Rowling as a "very logical, upright and good" character. Her parents are a bit bemused by their odd daughter, but quite proud of her all the same. Though Rowling has described the character of Luna Lovegood as the "anti-Hermione" because they hold the exact opposite ideologies, Hermione's foil at Hogwarts is Pansy Parkinson, a female bully based on the real-life girls who teased the author during her school days.Rowling claims the character of Hermione carries several autobiographical influences. Jo states, "I did not set out to make Hermione like me but she is...she is an exaggeration of how I was when I was younger." She recalled being called a "little know-it-all" in her youth. However, she states that not unlike herself, "there is a lot of insecurity and a great fear of failure" beneath Hermione's sweetness.Hermione's name is derived from William Shakespeare's The Winter's Tale; Rowling claimed that she wanted it to be unusual since if fewer girls shared her name, fewer girls would get teased for it. Her original last name was "Puckle", but Rowling felt the name "did not suit her at all," and so the less frivolous Granger made it into the books. edit descriptions of this character The Whitbread Award was taken over by The Costa Award after 2005.Costa Book award: Costa Book Awards are aThe Whitbread Award was taken over by The Costa Award after 2005.Costa Book award: Costa Book Awards are a series of literary awards given to books by authors based in the United Kingdom and Ireland. They were known as the Whitbread Book Awards until 2005, after which Costa Coffee, a subsidiary of Whitbread, took over sponsorship.The awards, launched in 1971, are given both for high literary merit but also for works that are enjoyable reading and whose aim is to convey the enjoyment of reading to the widest possible audience. As such, they are a more populist literary prize than the Booker Prize.In 1989, controversy erupted when the judges first awarded the Best Novel prize to Alexander Stuart's The War Zone, then withdrew the prize prior to the ceremony amid acrimony among the judges, ultimately awarding it to Lindsay Clarke's The Chymical Wedding. edit descriptions of this character The Bram Stoker Award is a recognition presented by the Horror Writers Association (HWA) for "superior achievement" in horror writing. In the end, however, it is the memory of her that enables Harry to succeed in his task.In the Epilogue, set 19 years later, it transpires that she and Harry eventually married and had three children, two of whom are in the process of embarking on the Hogwarts Express, the third being as yet too young.
