We use cookies and data to Deliver and maintain Google services Track outages and protect against spam, fraud, and abuse Measure audience engagement and site statistics to understand how our services are used and enhance the quality of those services If you choose to Accept all, we will also use cookies and data to Develop and improve new services Deliver and measure the effectiveness of ads Show personalized content, depending on your settings Show personalized ads, depending on your settings If you choose to Reject all, we will not use cookies for these additional purposes. Non-personalized content is influenced by things like the content you're currently viewing, activity in your active Search session, and your location. Non-personalized ads are influenced by the content you're currently viewing and your general location. Personalized content and ads can also include more relevant results, recommendations, and tailored ads based on past activity from this browser, like previous Google searches. We also use cookies and data to tailor the experience to be age-appropriate, if relevant. Select More options to see additional information, including details about managing your privacy settings. You can also visit [g.co/privacytools/com](https://www.google.com/privacytools/com) ng at any time. Forget confusing prompt engineering. With TransWorld's Accuracy Settings, you can define the category (academic, creative, legal, etc.), flexibility, and audience (kids, professionals, casual) once, and reuse anytime. Add small, natural instructions like: "Translate in Texan slang." "Add harakat in Arabic." "Treat Zhang as a negative character." No heavy AI prompting, no headaches just intelligent customization that keeps your results authentic and accurate.
