Animal TrustFrom vaccinations and neutering to orthopaedic and soft tissue surgery, we provide safe, effective care at a fair and affordable price.General Practice From vaccinations to surgery, dentistry to chronic care our General Practice Services are designed so we are by your side, partnering on your pets healthcare throughout their life. We'll help you get early and ongoing professional help with our free consultation policy and help your pet access diagnostics and treatment at our well-equipped surgeries with fair, transparent pricing alongside our mission to focus on pet care not profits. ReferralsWe can help clients of other vets when their pets need something more complex and the costs of conventional referral care are prohibitive. Whether its a CT scan, inpatient care, or major surgery, referral care at Animal Trust can be a lifesaving alternative that allows your pet to be treated. If you find yourself in this situation, ask your vet to complete our referral form. We will be happy to work with them to provide a treatment plan for your pet.Pet A&EWe are there for you 24/7 in the event of an emergency. We have three large well-equipped surgeries 24/7 centres, which run 365 days a year, providing non-stop urgent care when other surgeries are closed. Because we believe in care when a pet needs it, there is just a 79 emergency supplement, and all other costs remain the same as our daytime care, which accepts referrals from all over the country. We are to help pet owners access safe veterinary emergency care at a fair price.We are here 24/7 with clear, affordable pricing and compassionate care from the UKs leading mission-led veterinary social enterpriseDiscover the differenceAnimal TrustGeneral practiceAnimal Trust Liverpool offers a wide variety of general practice veterinary services, including routine surgery, dental care, vaccinations, and free consultations. In addition, the surgery has several vets with special interests and advanced training, enabling it to provide more complex treatments such as orthopaedic surgery.The clinic is equipped with an on-site laboratory, allowing for rapid diagnostic testing to support timely treatment decisions. Our dedicated nurse consultation service also ensures ongoing support for preventative care and chronic health management.Located on Berryford Road in Knotty Ash, Animal Trust Liverpool provides a full range of high-quality veterinary services to pets across Liverpool and Merseyside. The clinic is easily accessible from the motorway network and surrounding areas, making it convenient for all pet owners in the region.For pets requiring overnight monitoring, advanced imaging, or emergency treatment, Animal Trust Liverpool is supported by our 24/7 veterinary hospital in Ellesmere Port, which provides inpatient care, out-of-hours A&E services, and CT scanning when needed.At Animal Trust Liverpool, there are no eligibility criteria to join, meaning every pet owner can access our fair and transparent services. Our dedicated team is committed to providing affordable, high-quality veterinary care to the pet-owning community of Liverpool and surrounding areas.Across our network of surgeries, we now care for nearly 100,000 pets a year whose owners want safe, honest and affordable vet care for their pets when they are unwell. We'll advise you on the suitable options for your pet, give you treatment choices that fit with your preferences, and respect your financial situation. We believe we can deliver care that works for everyone whether a simple, pragmatic option or an advanced and involved treatment. While treatment at Animal Trust can help your budget, our care is far from basic. We have over a decade of experience providing full-service veterinary care, covering everything from day-to-day general practice care to Pet A&E hospital services and advanced complex care. Every year, we reinvest hundreds of thousands of pounds in equipment and advancing our team.We are open to everyone; there are no eligibility criteria at all. We are not a charity but a community-interest company funded by the fair fees we charge our clients.We believe in a pricing structure that removes barriers to owners giving their pets the veterinary care they need because we simply believe that every animal deserves access to safe veterinary care as soon as it becomes ill. That's why our pricing differs from that of many vets. From free consultations to fixed-cost treatment or help if your pet has a complication after surgery, we want to support you along your pet's journey to health. We hope you'll find our approach to veterinary care refreshing, and we look forward to you and your pets joining our community.We know unexpected vet bills can be stressful, so our referral care prices are priced to help owners afford treatment when a pet develops a serious condition or is injured. The cost of a procedure or operation is usually comprehensive, including the cost of anaesthesia, pain relief, medication, and most follow-up care. Plus, we charge per day for hospital stays, not for each individual test or treatment. This way, our patient gets all the care it needs and reduces the financial pressure for the pet owner.Help With ComplicationsOccasional complications are a fact of surgical procedures, it doesnt mean someones at fault, but it does mean further treatment may be needed. We understand that the costs of this can be a worry for clients at a time when everyones focus is on getting their pet better.Thats why, if your pet has a complication shortly after their initial surgery, we will usually be able to support you with the cost of treating the complication. Read more about our complications promise here.Animal Trust Bolton is the original Animal Trust practice and has been a hub of veterinary care for pets across Greater Manchester since 2012. As well as caring for thousands of pets each year with general veterinary services such as free consultations, vaccinations, neutering, dentistry, and routine surgery, Animal Trust Bolton also operates as a hospital and Pet A&E centre, providing emergency care 365 days a year. Conveniently located just off the A666, the surgery is easily accessible from Bolton, surrounding towns, and the wider motorway network. The practice supports clients from other Animal Trust surgeries as well as pet owners referred from non-Animal Trust practices when urgent veterinary care is needed most. Whether your pet requires routine health checks or complex medical and surgical treatment, our experienced team is here to help. There are no eligibility criteria to join, and the team is dedicated to providing a valuable, accessible service to the entire pet-owning community in Bolton and Greater Manchester.Animal TrustGeneral practiceAnimal Trust Wrexham offers a full range of general practice services and also partners with our 24/7 Pet A&E surgeries in Ellesmere Port and Shrewsbury for out-of-hours and inpatient care. Our own A&E services mean we can promise clients they will have access to affordably priced, effective care round the clock, and the vet seeing their pet will have access to the full medical history when they need it most.Examples of the services available in Wrexham are free consultations, general surgery, x-rays, ultrasound, dentistry and preventative care like vaccinations. There is also a modern on-site laboratory to aid rapid diagnosis. Every year thousands of pets are treated by our Wrexham team, many of whom have years of experience working in veterinary and take great pride in how they care for their patients.Animal Trust Wrexham is located centrally in Wrexham, next to Eagles Meadow. The surgery has a large private car park and is also easily accessible by bus and on foot.This vet practice has no eligibility criteria for joining and is dedicated to providing a valuable service to the pet-owning community.Animal TrustGeneral practiceWe're passionate about delivering quality, affordable care in the heart of our communities, which is why we're proud to be expanding our support for pet owners across Merseyside with the opening of a new Animal Trust practice at Ravenhead Retail Park, St Helens.Why join Animal Trust Vets in St Helens?Free Veterinary ConsultationsWe don't believe in high costs and unnecessary barriers to care. That's why we offer free consultations for all pets, with no eligibility criteria.Affordable, Transparent PricingOur transparent pricing ensures you always know what to expect, with no hidden costs. Were committed to making high-quality veterinary care accessible to everyone.Comprehensive Veterinary ServicesAt our new St Helens practice, you'll find a full range of services: vet and nurse consults, vaccines, dentistry, surgery as well as diagnostics like an on-site lab, ultrasound and X-ray all under one roof.Modern FacilitiesOur St Helens practice is designed to the highest standards, offering modern, state-of-the-art equipment and spacious consulting rooms to ensure your pet gets the very best care.Convenient LocationConveniently located in Ravenhead Retail Park, this practice will be easily accessible from across the region, with excellent links to the motorway network, offering a large free carpark on-site.Affordable 24/7 Emergency ServiceWhen our St Helen's practice is closed, you have the full use of our 24/7 Pet A&E Hospital in Ellesmere Port, for emergency appointments, surgery and hospitalisation. At this hospital you'll enjoy the same prices you'd pay in the day at St Helen's, with just a market leading low 79 emergency supplement.Our hospitals can also help with referral and specialist care. Meaning we can support your pet getting the complex care it needs, all within the Animal Trust community, and all with Animal Trust's pricing.Registration for this clinic opens in August.Want to stay in the loop? Sign up here for updates and news about our new practice.James graduated from the University of Liverpool in 2013 and worked for 4 years in mixed practice in North Wales and Shropshire, before joining Animal Trust in 2017 as the first vet employed at the newly opened Ellesmere Port practice.During his time with Animal Trust, initially as Lead Vet and later Area Principal Vet for Merseyside and North Wales, James developed a keen interest in surgery. He completed the BSAVA Certificate in Small Animal Surgery in 2021 and was later granted RCVS Advanced Practitioner Status. After leaving Animal Trust for a brief stint as a Veterinary Director in Hong Kong, and then Surgical Clinician in a UK referral hospital, James returned to Animal Trust as Referral Principal Vet, managing and developing our growing referral service. In 2024, he completed the postgraduate Certificate in Veterinary Business Management.James' main clinical interests are in fracture management, oncology and reconstructive surgery, and routine orthopaedic surgery.Away from work, James sits on the Board of Directors for the Veterinary Management Group, and as a Trustee for his local rugby club, for which he still regularly plays for the 1st XV. He is often accompanied at work by his two Labradors, Ruby and Quill, whilst Goose the cat reluctantly stays at home.
