You're never more than a tap away from your data and settings. Just tap your profile picture and follow the link to Manage your Google Account. From your profile picture, you can also easily sign in, sign out, or turn on Incognito mode. When it comes to privacy, we know one size doesn't fit all. That's why every Google Account comes with easy-to-use controls and tools like Privacy Checkup so you can choose the privacy settings that are right for you. You can also control what data is saved in your account with easy on/off controls, and even delete your data by date, product, and topic. Your Google Account gives you a safe, central place to store your personal information like credit cards, passwords, and contacts so it's always available for you across the internet when you need it. New Delhi: Google is taking its Search experience to the next level by incorporating the Gemini 2.5 Pro model directly into Search AI Mode. This new version of the search engine has been designed and engineered to handle complex queries which will include coding, reasoning and math. Users who are subscribing to the Pro or Ultra Labs plan could easily activate it from a dropdown for deeper results, which further includes clickables for further exploration. Deep Search for serious research A new feature named 'Deep Search' also joins the AI toolkit. This new capability conducts hundreds of searches in the background, compiles information from multiple sources, and delivers fully-cited summaries. Google states that this will be especially helpful for tasks like academic research, home buying or financial planning. Like Gemini Pro, the new Deep Search is available for the Labs users under Pro and Ultra subscriptions. AI can now make calls for you. The most user-friendly addition may be the AI-powered calling feature. When users search for services like salons near me or pet groomers nearby, an option to Have AI check pricing appears. Google's AI will automatically call businesses, collect details like prices and appointment slots and display them, which saves the users from the hassle of making the calls themselves. The new update will be rolling out across the US market right now, and there has been no word related to the India launch (at the time of writing). Google Pixel event set for August 20. In other updates, Google has announced that its annual Made by Google 2025 event will be held on August 20. Expectations are high for the launch of new Pixel smartphones, Pixel Watch, and possibly more AI-powered innovations. With Gemini 2.5 Pro and agentic calling, Google is reimagining how users interact with information, going beyond just delivering search results to doing the work for you. As the AI evolution continues, these smart upgrades could redefine what we expect from a search engine.
