At Kenyon, Macionis teaches a number of courses, but his favorite class is Introduction to Sociology, which he offers every semester. He enjoys extensive contact with students and invites everyone enrolled in each of his classes to enjoy a home-cooked meal. Throughout Society: The Basics, author John Macionis empowers you to see sociology in everyday life, changing the way you view the world. Taking an enlightening, practical approach, Macionis guides you through the theories and research that make up the discipline.
