## Northside catholic academy

NCA's tradition of providing a quality Catholic education to neighborhood children began over 100 years ago with the original six individual parish schools: St. Gertrude, St. Gregory the Great, St. Henry, St. Ignatius, St. Ita, and St. Jerome. In 1994, those six schools consolidated into what is known today as Northside Catholic Academy. Today, our regional school serves the parishes of St. Gertrude, St. Gregory, St. Henry, St. Ignatius, St. Jerome, and St. Margaret Mary, which joined NCA in 2016.If you attended St. Gertrude Catholic School (prior to the formation of NCA in 1994) and require sacramental records for your First Communion or Confirmation, please fill out a Request for Sacramental Certificate on the Sacramental Records page of our website and send it to stgertrude1420@stgertrudechicago.org. The small class sizes, the focus on the whole child, the very reasonable tuition and the way the teachers really take the time to get to know and work with our child. We had the opportunity to leave NCA for a while, to explore what we were thought would be greener pastures in Chicago schools — only to realize NCA is really the best place to be. We are thrilled to have our son here. An added bonus: the academics even align with our family's focus on social justice and celebrating the true diversity present within Chicago and our world. - Posted by Parent - Monica 5 1/8/2021We originally found NCA while searching for a local full-day preschool program, and we realized right away it was where we wanted our son to be through eighth grade. He's now in fourth grade, and we couldn't be more pleased with the experience he's having. Caring and accessible teachers who focus on kids as individuals, a strong focus on academics, small class sizes, an emphasis on social justice, and a truly wonderful and welcoming parent community that works together. The summer camp program is a big bonus, too. - Posted by Parent - Amy V.Endorse Northside Catholic Academy. Endorsements should be a few sentences in length.
